lucoarquiteturaeurbanismo.com.br
rluco@lucoarquiteturaeurbanismo.com.br

Architect and urban planner with a professional career dating back to 2005 and experience in Brazil and Chile. Leading LUCO since 2017, he designs, coordinates and develops architecture, urban design and territorial planning projects, focusing on master plans, technology parks, innovation environments, urban regeneration, mobility and sustainability.

He also speaks at academic and institutional events on urban innovation, smart cities, territorial planning and sustainability.

AREAS OF EXPERTISE

Urbanism and territorial planning · master plans, urban feasibility studies, land use and development, regeneration of areas and public spaces, mobility and green infrastructure.

Architecture and innovation · institutional buildings, retrofit projects, corporate and residential architecture, technology parks and innovation hubs.

Consulting and coordination · urban and environmental regulations, project management, multidisciplinary coordination and high-performance construction solutions.

PROFESSIONAL EXPERIENCE

LUCO Arquitetura e Urbanismo · Managing Partner and Architect & Urban Planner | 2017–present
Technical and business leadership; design and coordination of architectural and urban projects, master plans, territorial studies, technology parks, innovation hubs and the rehabilitation of buildings and public spaces.

Mussa Arquitectos · Senior Architect | Santiago, Chile · 2015–2017
Architectural design and corporate and hospitality interiors; team coordination, technical detailing and municipal approval processes.

Sencorp Arquitectura · Architect | Santiago, Chile · 2014
Development of architectural and corporate interior projects, space-planning studies and technical coordination.

CLM Arquitetos Associados · Founding Partner | Sorocaba/SP · 2008–2014
Design, development and coordination of residential, corporate and commercial projects, interiors, landscaping, approvals and technical supervision.

Universidade de Sorocaba (UNISO) · Lecturer | 2012–2013
Teaching Architecture and Urbanism, including architectural design, landscape architecture and technical drawing.

Alberflex · Business Development, Latin America | 2018–2019
Experience in business expansion and institutional relations across Latin American markets.
